## EoL Notification & Alternatives for EasyPoint™ Joystick Module

Dear Customer,

After introducing several derivatives of the EasyPoint™ module in the last years and receiving great customer feedback, we now go forward and streamline our product portfolio by phasing out several modules, by newer and better parts.

phase out modules	new replacement parts
N35P112, N35P101	N30 <sup>1)</sup>
N40P112, N40P105	N40P107
N50P111, N50P103	N50P105

- <sup>1)</sup> The phased out N35 product line is targeted solely for the mobile phone and mobile gaming segment. The new N30 series is even smaller (8 x 8 x 1,9 mm) and much more focused on high volume mobile devices. Please send requests for this module to [alfred.binder@ams.com](mailto:alfred.binder@ams.com).

We ask for your kind cooperation in phasing out of these modules:

- 1.) Last Order Placement  
For the phase out modules listed above we are pleased to accept orders until July 31, 2012.
- 2.) Last Deliveries  
Last deliveries based upon order placed in accordance with item 1.) above will have to be executed before October 31, 2012 depending on the total EoL number.

Please look for details and additional information of the replacement parts on:

<http://www.easypoint.com>

Best regards,

Dietmar Gleispach  
Director of Operations
